

Greetings,

Exciting news from Waste Free '23! We're making a difference in communities worldwide, and you can be a part of it!

Our P4P Drives are a fun and impactful way for kids to get involved in environmental action. Here's how it works:

- Kids collect waste from their homes or classrooms (with adult supervision).
- They bring their collected recyclables to a designated P4P Drive location.
- In return, they receive awesome rewards like school supplies or saplings!

Some of the recent P4P drives. Click the images to learn more about them.

Are you interested in recycling businesses, sustainability, or entrepreneurship? Let us know. We have exciting opportunities for passionate individuals.

P4P Drives Connect to Micro-Recycling Centers!

The recyclables collected at P4P Drives don't just disappear! Ideally, they are taken to a local Waste Free '23 Micro-Recycling Center (MRC).

An MRC is a small, localized facility that turns waste into valuable resources, right in your community! Learn more about MRC
