

Waste Free '23 Weekly Digest

☀️ **Sonny's Success in Sustainable BSFL Cultivation!** 🌱

We're excited to share the story of Sonny and the Insect Farming Centre in Nakivale, Uganda. Faced with the challenge of food waste affecting over 150,000 people, Sonny has turned the tide by cultivating Black Soldier Fly (BSFL). This sustainable solution transforms waste into high-quality protein for animal feed and organic fertilizer, promoting health and economic opportunities in the community.

📺 [Watch the video](#) to see this transformative project in action.

🔍 [Learn more about BSFL](#) and its role in revolutionizing waste management.

🗑️ **Wasini-Mkwiro Beach Cleanup: A Community Triumph**

Last weekend, Bilal and his team, with the support of Waste Free '23, organized a beach cleanup event in Wasini-Mkwiro. The event drew an enthusiastic group of volunteers who helped collect. Recycling of trash will occur at the Wasini Micro Recycling Centre.

**WASINI - MKWIRO
BEACH CLEAN UP TOUR**

We need your help to keep our beaches clean. Come join our volunteer team and help preserve our coastal environment.

Charcoal & Biochar: Unlock a Profitable Green Business in Nairobi

Did you know you can earn up to 750 KSH per day by turning everyday waste into charcoal dust using TLUD cookers? Our new article dives into this eco-friendly initiative that creates jobs, reduces smoke pollution, and supports the environment.

 [Read the full article](#) on our News page.

 [WF23 University Lessons](#) provides step-by-step guidance on starting your own waste-based business.

Together, we can transform waste into wealth and create a sustainable future!

Join Us as a Volunteer and Make a Difference!

We're calling on passionate individuals to volunteer with Waste Free '23! This is your chance to contribute to our Clean Cooking Solar System project. [Volunteers will document the impact of sustainable technology and receive hands-on training that empowers communities with knowledge on clean cooking and environmental conservation.](#)

 **Flexible commitment:** 1 to 60 hours a week

 **Tasks include:** Documenting recycling training, social media promotion, outreach to schools and governments, and more.

Ready to help? [Email us here](#) to join our mission for a greener, healthier planet!

A poster for 'Volunteers Needed' for the Waste Free '23 movement. The poster features a dark background with a photograph of a person's hands holding a piece of wood with a sign that says 'STOP PLASTIC'. The text on the poster includes the 'Waste Free '23' logo, the 'Volunteers Without Borders Kenya Community' logo, and the title 'VOLUNTEERS NEEDED'. Under the title, there is a 'Scope' section with two bullet points: 'The volunteers to assist with documentation of clean cooking system specifications' and 'The volunteers to receive training and train new communities on clean cooking, plastic pollution technology and others initiatives.' At the bottom, there are contact details: an email address 'wastefree23@gmail.com' and a Linktree URL 'https://linktr.ee/wastefree23'.
