

Waste Free '23 Weekly Digest

Wastefree23.org is a Keynote Speaker!

We're excited to share that Wastefree23.org has been invited to speak at the **National Zero Waste Conference!** 🌱 This honor is a testament to the impact we're making globally. Don't miss this opportunity to hear from our founder, Dan Fritschen, on October 2, 2024, as we discuss sustainable waste management and community empowerment.

 **Mark your calendars** and support our movement for a cleaner, healthier planet!

Transform Waste into Power: Discover the Potential of Straw Pyrolysis!

Imagine turning 1 kW of renewable energy into 2 kW of power, while sequestering a third of it as biochar. That's the power of **straw**

pyrolysis! Learn how this revolutionary process can provide sustainable energy and help fight climate change.

👉 [Read the full article here](#) and discover how communities worldwide can benefit from this innovation.

🌍 **Global Impact: Waste Free '23 Reaches the Philippines and Indonesia!**

Our **Micro-Recycling Centers (MRC)** are gaining momentum in Southeast Asia! We're proud to announce that our impact has expanded to the Philippines and Indonesia, where we're helping recycle more waste every day. This is just the beginning, and we're working towards scaling up efforts globally!

Check out the full story of how WF23 is turning waste into a resource around the world.
